QUOTE

Date: 01/30/2026

Quote based on receiving the entire order as quoted with standard leadtime.

If non-annotated drawings are provided, files will be processed as if they have been provided in 1:1 scale in imperial units with JWMCD standard tolerances being applicable.

Tolerances
Forming: +/- .030”-.060”; Laser/Tube Laser: +/- .005”-.010”; Plasma (0”-3/4”): .125”; Plasma (7/8”-2”): .188”; Assembly: +/- .062”-.187”
Tolerances cannot exceed those of the ASTM standard of the material being processed.

Tooling marks may be present on formed parts. Surface scratches may be present due to the loading and unloading process. Laser-cut parts may contain a slight burr or minimal burn marks. Any part with a side length of 6” or less is subject to a micro-joint / tab being added for laser processing efficiency.

Quote is subject to JWMCD standard Terms & Conditions. Taxes are not included in estimates and will be added to the invoice unless otherwise noted or a tax exemption form is provided. A service fee of 3% of the total invoice will be added to all credit card payment orders. All quotes are FOB 3731 Amy Lynn Drive, Nashville, TN 37218 unless within a 40-mile radius or otherwise noted.

If during the execution of the production process additional files are provided that differ from the originals, JWMCD reserves the opportunity to provide a cost for additional services necessary to adhere to the newly provided requirements.
